Pride of Fleet

The quality and reliability of the FJR1300P makes it the perfect escort vehicle for international dignitaries and national events. As the flagship model of Yamaha's police bike fleet, it strikes the perfect balance between performance and the features required in the line of duty. The bike's imposing frame and refined styling reflect its commanding status and reliability.

Top Performance and Reliability

Low center of gravity helps maintain excellent high-speed stability. The FJR1300P blends the ultra-high-speed performance of a standard bike with a variety of equipment designed exclusively for police use. Thanks to feedback obtained directly from police bike patrols in various European countries, the FJR1300P sets a new benchmark for performance and reliability. When put to the test by frontline officers, they praised its ride comfort and ease of handling even with heavy equipment.

FEATURES

The three-part instrument panel (multi-dot LCD) emulates the styling of a luxury sports car.

Police Equipment

Light Controller.

The tall windshield with an electrically-adjustable 135 mm vertical range ensures wind protection at any speed. Along with the windshield, a handlebar that is 20 mm higher than the civilian model, foot shields, and a comfortable seat cushion combine to reduce rider fatigue when traveling long distances.

SPECIFICATIONS

| ENGINE | |
|-------------------|--|
| Engine Type | 1298cc liquid-cooled DOHC inline 4-cylinder; 16 valves |
| Bore x Stroke | 79.0mm x 66.2mm |
